

EXCITING NEWS!

A NEW CHAPTER HAS BEGUN AT QUILTER'S QUARTERS

MEET THE KORZEPS

We are delighted to announce that Melanie and Allen Korzeps, previous employees of Quilter's Quarters, have recently purchased the ownership of the quilt shop from Mary Beth Groseta, founder and previous owner.

ABOUT ALLEN

Allen came to Quilter's Quarters late last fall when he began working as the repair technician. While new to the world of sewing machine repair, Allen brought to the quilt shop extensive experience in mechanics and a commitment to achieving the highest quality. He offers a great combination of hands-on experience, a hard working attitude, people-oriented communication skills and organizational effectiveness that has developed over many years of supervising and coordinating multiple trades on large scale union and private sector construction projects. Allen has degrees in Industrial Maintenance and Applied Science and holds certifications in OSHA 10, 30, 500 and 510. He is a millwright journeyman and holds a TWIC certification from the federal government. Allen brings a new perspective to Quilter's Quarters and is committed to fostering an environment of trust and excellence. When he has spare time, Allen enjoys time spent with his family hiking, biking, camping, fishing and off-roading.

ABOUT MELANIE

Melanie started working at Quilter's Quarters last August and quickly fell in love with the atmosphere and creative camaraderie amongst the patrons who shopped there. A novice quilter herself, she was elated by the opportunity to learn from the vast pool of experts that frequented and/or worked in the shop each day. Growing up she was surrounded by many quilters and has always desired to learn the craft, so purchasing Quilter's Quarters has been a dream come true. Melanie is a motivated self-starter and retired social service manager with extensive experience in solution based planning and a proven history of building motivated and effective teams. Skills that she believes will assist in building upon the strong foundation built by Mary Beth during the store's first 19 years. She holds a Master's Degree in Psychology with concentrations in both Organizational Leadership and Child and Adolescent Development. Additionally, she is a licensed social worker in both West Virginia and Arizona and a board certified mastectomy fitter. Her greatest joys are being a wife, mother, and grandmother, her work with the Healing Consciousness Foundation, and spending treasured moments with family and friends.

Our Story

Born and raised in West Virginia, we have been married for 27 years and have been blessed with a daughter, two sons, and two grandsons. The entire family moved to Arizona in late 2018 after falling in love with the area while on vacation, and we have been overjoyed with the decision. We look forward to this new adventure and hope to serve our customers and the community for many years to come. Please stop in and say hello soon!
